F. W. Westmeyer had his right shoulder dislocated Thursday afternoon. He was standing on a small step-ladder placed on a table, and trying to fix a curtain in the rear of his store. The ladder collapsed and Mr. Westmeyer went with it, striking, either the office railing or the table (he is not sure which) in his descent, and throwing his shoulder out of place. It was put right by Dr. Fox assisted by Dr. Bullitt. It will probably be two weeks before Mr. Westmeyer recovers the use of his arm.

William Rolling left last Monday to visit his former home in Wisconsin and also the World's Fair.

Chas. Holman, who returned from the East yesterday, had a rough experience with washouts on the return trip. At Rincon, despairing of making further headway by train Mr. Holman and others, started to walk, hoping to find means of transportation at the western end of the washout. In this they were disappointed and continued their tramp forty miles, and made the remaining thirteen miles to Deming on a hand car. The belief was expressed that the break west of Rincon could not be repaired until Monday or Tuesday of next week.

P. B. McCabe has gone to Los Angeles, Cal., to file suit in the courts in that state for Juana Walker. Considerable property belonging to the Walker estate is in California. In the hands of Los Angeles \$77,000 awaits the disposition of the courts. It is thought that filing the findings of the probate court in Florence will probably be all that is necessary to establish the girl's claims as the only point at issue is whether Juana is the daughter of John D. Walker, and that fact was established by the recent jury trial. The Walker brothers have been trying to compromise with the Pima girl by giving her the Arizona property and they refuse that in California.

She has so far refused to take anything short of the entire estate—Phoenix Republican.

A Los Angeles paper pays the following deserved compliment to Miss Grace Walker, daughter of Chas. H. Walker, of Globe, for her vocal accomplishments:

"The Conference audiences were surprised and pleased with the singing of Miss Grace Walker of Los Angeles. Miss Grace is but thirteen years of age, and has not yet taken a lesson in voice culture which makes her powers seem all the more remarkable. Her voice is wonderfully clear and sweet, and high-class operators pronounce it of the very highest order. Those who listened to her singing will be pleased to know that steps have been taken to give her a thorough musical education. Miss Grace has a sweet, pure face and she is a thorough Populist, and we have reason to believe that God's precious gift to her will be used for humanity's good."

In September, 1892, dysentery in a very severe form, prevailed at Jamezburg, N. J. Walter Willard, a well known merchant of the place procured a supply of Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "It is certainly one of the best things ever made, and has given the highest satisfaction in the most severe cases of dysentery." For sale by H. C. Hitchcock, Druggist.

From almost every section of the range in Gila County come reports of copious rains and reviving vegetation. Pine and Payson, in the extreme north, have been especially favored, and crops of all kinds show marked improvement. On Tonto the grass has got a good start. On Salt River several good showers have fallen and feed is good in the surrounding hills. About McMillan in every direction the grass is from six inches to a foot high.

Since our last issue Globe has received two drenching rains. On Saturday, commencing about 8 o'clock in the evening, the fall was almost incessant through the night, and on Sunday afternoon the precipitation was equally copious. On both occasions Pinal creek ran almost bankfull. The hills all about us have put on a livery of green, garnished with flowers.

All persons not having sufficient real estate to secure the payment of all taxes due from them on both their real estate and personal property, will be required to pay the taxes due on their personal property, on demand. If the taxes on the personal property of said persons are not so paid on demand I will immediately proceed to collect the same by distress and sale of the property liable therefor.

POSSESSORY RIGHTS NOT CONSIDERED REAL ESTATE.

J. W. BOARDMAN, Treasurer, and Ex-officio Tax Collector, of Gila Co., A. T.

It is not to be wondered at that the railroads in Arizona object to paying taxes on the increased and arbitrary valuation fixed by the Territorial board of equalization, especially as this is the worst year for western railroads in a decade. The raise on the portion of the Southern Pacific road in Cochise county alone is \$380,000, according to the Prospector, which means an increased taxation in that county of about \$12,000.

The rats at Wilcox are not at all un-mixed blessing. The Stockman says: Between the flies by day and mosquitoes by night things are made interesting for us just now.

Yavapai County's assessment for 1893 footed up \$3,512,000.
